

Hari Prasad S

Data Analyst | Data Visualization | Power Bi

✉ hariprasad18122005@gmail.com <http://bit.ly/4feKkTq> 📍 Erode, India

OBJECTIVE

"Aspiring Data Analyst with hands-on experience in Power BI, specializing in creating interactive dashboards for financial data analysis. Skilled in transforming complex datasets into actionable insights to support data-driven decision-making. Seeking an opportunity to apply my analytical and visualization skills in a dynamic environment to contribute to business growth and operational efficiency."

This objective highlights your Power BI skills, aligns with your internship in data analytics, and showcases your project experience.

Bachelor of Computer Science in Artificial Intelligence and Data Science

Nandha Arts & Science College

📅 2023 - 2026 📍 Erode, India

LANGUAGES

Tamil

Native

English

Intermediate

SKILLS

Python Data Visualization Power Bi Business Intelligence Data Analysis

Report Generation Data Management Beginner in SQL

PROJECTS

BOB Bank ATM dashboard

📅 12/2024 - 12/2024 📍 Work from home
The "ATM Transaction Performance Dashboard" analyzes ATM network performance across Indian states, providing insights on revenue, transaction counts, uptime, maintenance costs, and gross profit margins using Power BI.

- What was a successful outcome of your work? (e.g. Raised \$3,000 for the charity)

My college Students Dashboard

📅 10/2024 - 07/2024 📍 From college
"To analyze and categorize student data based on transportation, gender, academic background, and other demographic factors for improved academic planning and support."

- What was a successful outcome of your work? (e.g. Raised \$3,000 for the charity)

Amazon prime

📅 07/2024 - 07/2024 📍 Work from home
To develop effective and visually appealing data-driven dashboards for insightful decision-making.

- What was a successful outcome of your work? (e.g. Raised \$3,000 for the charity)

STRENGTHS

Analytical Thinking

Analytical thinking is the ability to break down complex information, identify patterns, and make data-driven decisions.

Effective Communication

Skilled in presenting complex data in an understandable format

CERTIFICATION

Advanced SQL for Data Analysis

Geekstar offers an advanced SQL course focused on complex queries and data manipulation techniques.
